KERALA

Manufacturing Solutions for Make-in-Kerala

Organised By
DEPARTMENT OF INDUSTRIES & COMMERCE
GOVT. OF KERALA

2016 JANUARY 27-30
ADLUX CONVENTION CENTRE, ANGAMALI, KOCHI, KERALA

In Association with

Confederation of Indian Industry

Kerala State Small Industries Association

NATIONAL SMALL INDUSTRIES CORPORATION LIMITED

CENTRAL INSTITUTE OF PLASTICS
ENGINEERING & TECHNOLOGY

COCHIN UNIVERSITY OF SCIENCE
AND TECHNOLOGY

Micro Small and Medium Enterprises occupy a pivotal role in economic growth, employment generation and equitable development of the state . MSME has shown a consistent growth of about 12% in the state, inspite of recession world over. Food, Agro based industries, Ayurveda, Furniture, Garments, Plastic, Rubber, Handicrafts, Handloom and General Engineering are leading the boom. There has been spurt of growth from micro to small and small to medium. Besides due to numerous incubation centres and start ups potential entrepreneurs are coming up in state. To start new industries, upgrade existing, improve productivity and quality, modern technologies are required

The Department of Industries and Commerce, being facilitator in this new phenomenon, is venturing on showcasing technology/machinery to the industrialists of the state who other wise, would have to depend on other states. Accordingly the Machinery Expo 2016 is being organised at ADLUX Covention Centre, Angamali, Erankulam from 27 to 30 January 2016. The Expo will be a one-stop destination to display technologies and solutions required by the MSME sector of Kerala. The focus will be mainly on exhibitors from outside the state.

We cordially invite you to participate in the Exhibition as an Exhibitor.
